

We have some exciting news.

On Monday the **10th of November**, UNITEC Veterinary Hospital will be moving to **13 Morningside Drive**, where we will then become **St Lukes Veterinary Centre**.

### It's not far to go...

The new clinic is only a short 5 minute drive from our current location and just down the road from the St Lukes shopping centre.

There will be plenty of off street parking under the building in our covered carpark.

At the same time we will be amalgamating with St Lukes Vet clinic to form the new **ST LUKES VETERINARY CENTRE**.

The amalgamation will allow a more extensive service with better facilities and extended hours.

### We will be extending our consultation hours

The new consulting hours will be Monday to Friday, 8:00 am – 12:00 pm and 2:00 pm to 6:00 pm with a late night until 7:00 pm on Mondays and Wednesdays. Saturdays 9.00 am – 3.00 pm.

All the current staff will be moving with us, so you will still see the same friendly faces of veterinarians Dr Andrew Newington & Dr Kim Telford as well as our veterinary nurses, Amy Raine, Briony Whatling and Lauren Prior. Dr Nick Purdon will be joining us from the St Lukes Vet clinic.

### To celebrate the move we have included some special offers on the enclosed flyer to entice you to come and see us in our new clinic

The cattery will be housed in a large sunny air conditioned room and **an exciting development will be addition of a Dog day care centre** on the premises, which will be opening at the beginning of 2015.

We look forward to seeing you and your pets in the new clinic from the **10th November**.

Dr Andrew Newington and staff.

A representation of our new centre's signage and repaint - It's not finished yet...
